### Notes on the data presented

- Data set includes cataloged material holdings with attached values and excludes eresources, ILL, and non-cataloged items.
- Not all catalog entries include an estimated replacement value. If no value was given, the item was excluded from this analysis.
- Collections have been grouped by type: books, dvds, et cetera. Media incorporates all rare media forms (cassette tapes, 16mm film, microforms, et cetera).
- In the graph above, any wedge representing less than a full percentage point of the total collection value has no percentage label attached.
